How to Give Your Customers Vacations Through Marketing Boost & How They Can Easily Redeem Them

This 7 easy steps guide shows you exactly how the process works for you and your client.

You'll see how easy it is for you to send and then how simple it is for your client to redeem and book their vacation

STEP 1.

Visit the 'destinations' page at <https://marketingboost.com/marketing-incentive-vacation-destinations>
and decide what locations would best suit your clients geographically and what would most likely appeal to them.

The Marketing Boost Program Gives You the Ability to Explode Your Leads & Sales By Giving Away Complimentary Vacations

A common question we get is 'where are the locations that I can give vacation vouchers for?' You can see these beautiful places below now...

4 Days / 3 Nights USA Vacation Locations

 ATLANTA	 ATLANTIC CITY	 BRANSON	 CHICAGO
 DAYTONA BEACH	 GATLINBURG	 LAS VEGAS	 MIAMI
			

STEP 2.

Login to your **members area** and
Choose the **'Beta Incentives Platform'** option
(which allows online booking for a streamlined booking process)

Then fill out the form to
digitally deliver the vacation offer to your client

You have the choice to make **the voucher destination specific only** (so more than one hotel is offered) OR hotel specific if you want to offer them only the one hotel specified on the form

The image shows a screenshot of the MarketingBoost website. At the top, there is a navigation menu with items: Vacation Incentive, Beta, Printed Certificates, Restaurant Incentive, Hotel Savings Card, Bulk Incentives, My Business, Subscription, Resources, and FAQ's. The main content area features a banner for a webinar: "View Details & Register Your Place for the Next Upcoming Members Training Webinar" with a "VIEW AND REGISTER NOW" button. To the right is a smaller banner: "Join the Conversation & Ask Questions in the Advertising Boost Facebook Community" with a "JOIN NOW" button. Below these is a promotion for the "BETA INCENTIVES PLATFORM" with the text "Vacation Incentives Beta (New) 50 Locations, Online Bookings". A red arrow points from this promotion to a detailed form for sending a vacation incentive.

Fill out the form below to digitally deliver a complimentary vacation incentive to your recipient. It's recommended to add your client's phone number below so that they receive their invitation via text to prevent it from going to their spam email folder

Thanks for being a valued customer of ours. We love working with you. Please enjoy this trip with our compliments thanks Greg

STEP 3.

Your client will receive an email from 'Redeem Vacations' which gives them a link to activate their complimentary vacation.

They have 7 days to redeem the vacation, and then 18 months after that to choose and book online the travel dates that best suit them.

STEP 4.

When your client clicks on the activation link in the email, they will be re-directed to the activation webpage, which gives them all the info about their destination, what their stay is valued at and where they can activate their vacation by paying the small booking fees and taxes. Once they do this, their stay is activated and they have 18 months to book their hotel and travel dates.

Upon activation, your client will receive confirmation online and via email. The confirmation email has a link which allows your client to then choose their travel dates and hotel based on what hotels are available for their travel dates

STEP 6.

Just like any other online hotel booking system, your client can choose their travel dates and then a list of hotels is given based on availability for those travel dates.

They choose which hotel they would like and have the option to upgrade their room if desired, otherwise they can just choose the free option.

The image shows two screenshots of the RedeemVacations website. The top screenshot displays a list of hotels with their names, star ratings, and locations. The bottom screenshot shows the 'CHOOSE YOUR ROOM' section with a table of room options and their prices.

STEP 7.

The last step is to enter their details and secure the booking. The booking will be \$0 if they do not choose to upgrade their room, as they have already paid any fees and taxes when they activated their hotel booking

Your customer then receives their booking confirmation via email and there's nothing left to do other than them enjoying their trip and generating customer referrals for you.
